Professional Summary

Highly motivated B.Tech Computer Science student with a strong interest in UI/UX design and software development. Skilled in building responsive web applications and creating user-centric designs. Passionate about solving real-world problems through technology and innovation.

Core Skills

Design: Figma, Adobe Photoshop, Adobe Illustrator, Canva

Languages: Python, C, SQL

Design Principles: User-Centered Design, Typography, Design Strategy, Creative Direction

Key Projects

Desktop Voice Assistant (Python)

- Built a voice-controlled desktop assistant using Python.
- Integrated features like voice commands, weather updates, file handling.
- Implemented speech recognition and text-to-speech for real-time interaction.
- Integrated the open AI API to implement a search feature for quickly retrieving relevant information and insights within the application.

Home Automation System

- Enabled remote control of appliances via mobile and voice commands.
- Developed a smart home system using ESP and Sinric Pro.

AI-Powered Career Guidance System

- Learned prompt engineering techniques for structured AI output
- Gained experience in building full-stack applications (frontend + backend)
- Understood API integration and handling real-time responses
- Solved real-world issues like CORS, server-client communication

Phishing Website Detection

- Developed a Machine Learning model to identify phishing websites with improved detection accuracy by analyzing URL-based and domain-specific features
- Implemented classification algorithms in Python, achieving reliable predictive performance.
- Enhanced cybersecurity awareness by enabling early detection of malicious websites, reducing potential user risk.

Certifications

- Python Bootcamp-(Letsupgrade)
- Advance internet of things (IOT)- IIMT+Technolodge
- Adobe Photoshop Foundations – Coursera
- Figma Bootcamp – LetsUpgrade
- Adobe Photoshop Foundations (Coursera)
- Adobe After Effects – Motion Design Essentials
- Image Editing (Adobe Certified – Coursera)

Education

Bachelor of Technology - Artificial Intelligence and Data Science
IIMT College Of Engineering, AKTU, India
SGPA- 7

2023 - 2027
